

A central white rose is placed inside a light-colored wooden bowl. The rose is the focal point, with its petals clearly visible. The bowl is surrounded by various spa-related items: a lit candle in a wooden holder to the left, a glass of white liquid in the background, a stack of white towels to the right, a glass of yellow liquid to the right, and several smooth, light-colored stones at the bottom right. A small bowl of blue crystals is at the bottom left. The background is a neutral, light-colored surface.
